

PQA Plus & TQA Certification

Purpose:

Pork Checkoff provides comprehensive training programs for different roles and stages in production. It’s important that all caretakers and handlers receive the training needed for their particular duties to ensure a safe, high-quality pork supply; treating animals appropriately is not only the right thing to do, but customers expect it. Farm safety is no accident and we’re committed to helping ensure a safe workplace where employees are treated fairly and with respect.
